

Future Ready District Leadership Self-Assessment

Welcome to the Future Ready District Assessment. This assessment will gauge your district's readiness to begin implementing digital learning. It includes a series of questions designed to help you frame a vision for digital learning, recognize the elements of the Future Ready Framework, specify how technology can help align these efforts to achieve higher college-and career-ready standards, and understand the type of digital leadership required to stage your district for success. The assessment includes an Introduction plus 8 sections, one for each gear in the Future Ready Framework, and one focused on leadership.

Before participating in this assessment, please ensure that you have reviewed the "getting ready" checklist on the Alliance for Excellent Education website <http://dashboard.futurereadyschools.org/>, together with your team members, and then complete this digital learning assessment. (Plan to spend 1.5 to 2.5 hours depending on the size of your team and the depth of your discussions.) Upon completion of the assessment, you will receive a report that analyzes your district's readiness for each element of the Future Ready Framework, with links to event, activities, and resources.

IMPORTANT: Your team can start and stop taking the assessment, picking up from where you left off, but ONLY if you select SAVE and copy (and use later) the link provided.
